

Platform Rental

Free up capital for core business operations

Clarotech's **Platform Rental Service** enables companies to avoid the cash flow concerns associated with the high capital outlay of deploying new IT infrastructure. It is an added service available to clients using Clarotech's Managed IT service.

So what can be bundled into the monthly rental fee?

- Server hardware
- Networking equipment
- Application deployment
- Insurance
- System software
- Delivery and installation of hardware
- Installation and configuration of system software
- On-site hardware maintenance

Clarotech has the required technical skills to install and support the solutions implemented on the equipment supplied through this service.
